

Lautus

{Lout' us} [Latin]: pure, elegant and sumptuous.

DE-ALCOHOLISED SPARKLING

Great care was taken whilst removing the alcohol from the cool climate Chardonnay. Showcasing pure of white peach, citrus blossom and fresh apple. The added sparkle delivers fine lively bubbles, contributing to the elegant finish. To be enjoyed in its purist and natural form, without the restrictions of alcohol.

Nutritional information

(Average quantity per 100ml)

| Sodium (mg) | : 16mg | |

Viticulture

Chardonnay sourced from the Bonnievale region.

Harvested at 20.5-21Balling.

Viniculture

Careful winemaking practices were followed to retain aromatics. Crushed, lightly pressed and settled overnight. Fermentation was done with a selected yeast strain at 14-16°C. Left on lease for 3 months prior to racking to the second phase of production. *Due to the need to not have any alcohol, the wine is carbonated during bottling.

Alcohol removal

Great care is taken at this stage to work as gently as possible to retain all the beautiful flavours from fermentation. The alcohol is removed via spinning cone technology at low temperature under vacuum. The initial phase is to first remove the flavour, set aside. Then the alcohol is removed and once done we can take the flavour back to the de-alcoholised wine. There is a significant volume loss during process, a portion of the alcohol water is then again put through the process to extract the water. And added back. This helps to fill out the palate and balance acidity. Normal winemaking practices are followed from here in preparation for bottling.

LESS THAN 0.5% ALCOHOL PER VOLUME – LOW IN CALORIES
